

DRIHM²US

D4.4: Project Dissemination Material

DRIHM (G.A. n° 313122) is co-Funded by the EC under 7th Framework Programme

Document Information Page

Contract Number	313122
Project Name	Distributed Research Infrastructure for Hydro-Meteorology to United States of America
Project Acronym	DRIHM2US
Deliverable Number	4.4
Deliverable Name	DRIHM2US Web Site
Work Package Number	WP4
Work Package Name	Dissemination
Deadline	PM8
Version	1.0
Dissemination Level	Public
Nature	Other
Lead Beneficiary	Project partners

1 Introduction

1.1 Executive Summary

The dissemination activities have included different aspects namely organization and participation to relevant events, publications, and production of other material such as pen drive and similar.

1.2 Dissemination Level and Access

The material produced for dissemination is public.

2 Event participation and organization

The DRIHM2US project has been presented in the following events:

- FluidEarth2 Launch - 18 April 2013, Wallingford – UK
(<http://fluidearth.net/Lists/Announcements/DispForm.aspx?ID=53&Source=http%3A%2F%2Ffluidearth.net%2Fdefault.aspx>)
- 6th International Workshop for GPM Ground Validation, 5-7 November 2013, Rome – Italy
(<http://pmm.nasa.gov/meetings/all/6th-international-workshop-gpm-ground-validation>)

The DRIHM2US project contributes to the organization of the Workshop at the crossroad of Earth Information, Technology and Social Sciences, in the framework of the INSPIRE Conference 2013 of the Information for Innovation and Socioeconomic Development (http://inspire.jrc.ec.europa.eu/events/conferences/inspire_2013/#home) June 23 – 24, 2013, Florence, Italy. A summary of the Proceedings of the workshop is available at: http://www.drihm2us.eu/images/documents/DRIHM2US_Information%20for%20Innovation%20and%20Socioeconomic%20Development_workshop.pdf

3 Dissemination Material

These items have the purpose of remembering the DRIHM project. For the dissemination at booths and other possible events, pen drive and block notes have been created. They contain a contact point for getting more information about the project.
